

Learning Community Cluster Success Story Template

Your case study will be a great way to support other clusters. The use of your experiences will be an effective tool for clusters to use as a basis to identify and apply solutions to similar situations.

LCC Background (100 words)

- When did the LCC start?
- Who is a part of your LCC?
- What kinds of shared challenges did the LCC identify in their planning?
- What made this LCC coming together possible?

Insert text

The Project (100 words)

- What was the challenge that was identified?
- Summarise the idea and steps in the proposed project to address the challenge?
- How did / will this project address the challenges?
- How long is it planned to / did it take?
- Who was / is involved?

Insert text

The Outcome and benefits (100 words)

- If the project is still ongoing, how is it going and is it on track?
- What worked?
- What didn't work as planned?
- What real and meaningful benefits has this project brought to the LCC/
- What would you do differently?
- Now what?
