

E te Minita o Te Tahuhu o te Mātauranga,
Tēnā Koe.

The Aranui Community Campus EBOT would like to express their absolute support for the establishment of a Special School Satellite Unit on the new Campus.

We are passionate about the provision of ratonga mahi on the Community Campus for our diverse communities and we are looking at creative options to ensure that the new campus can provide a holistic and real approach to meet all the needs of the students who attend the new Campus.

We look forward to collaborating with Ferndale Special Education School to develop flexible pathways that will allow the transition of the students to be as stress free as possible. We know that Aranui High School is currently working with Ferndale Special School to set up a satellite unit to support the placement of some of their existing Secondary students.

The Ebot see this as a great opportunity to evaluate that unit over the next 2 years to ensure that what is created on the new campus site is the best it can be for Special needs students and staff

Nāku noa, nā
